

DON'T MESS WITH THE BEARS

Hey you! – You, out there!

Tell me who gave you, permission to stare? Huh? Huh?

Hey you! – You, out there!

Tell me who gave you, permission to stare? Huh? Huh?

Hit it!

1 SOLO RAP

In case you people are unaware,

We've a bad reputation and we really couldn't care

'Bout the way that you think, or anything you say,

'Cause the bears'll do exactly what they want, anyway.

(So there! So there!)

Repeat verse 1 with group (omitting 'so there')

CHORUS *Don't mess, with the bears,
Don't mess, with the bears,
Don't mess, with the bears,
We've got a bad reputation and we just don't care!
(Repeat) Don't mess!*

2 SOLO RAP

Take it from me, it's not a pretty sight

To be nose to nose, in the middle of the night,

With a big, bad bear, with his claws in the air.

If he slobbers, then you'd better beware! (Oh yeah! Oh yeah!)

Repeat verse 2 with group (omitting 'oh yeah!')

CHORUS

3 SOLO RAP

You may be wond'ring, why we're here,

But our story's too nasty, for your little ears.

We escaped from the prison – it's all in the past,

There's no way we're going back behind bars! (No way! No way!)

Repeat verse 3 with group (omitting 'no way')
