

HERE TO WORSHIP HIM

Wise Men

1. We travelled from the East,
We travelled from afar,
We travelled many miles when we saw the star,
We've brought our gifts of gold,
Our frankincense and myrrh
And we've come here to worship Him.

Shepherds/Angels

2. We left our flock of sheep,
We left our cosy fire,
We left the rolling hills when we heard the choir,
The angels sang good news,
Their message filled the air
And we've come here to worship Him.

Rest of cast

3. We'll fill this place with joy,
We'll fill this place with song,
We'll fill this place with praise
To the Holy One,
This wondrous gift of God,
This miracle of love
And we've come here to worship Him.

ALL

*O come, let us adore Him,
O come, let us adore Him,
O come, let us adore Him, Christ the Lord.
(Repeat with audience)*
