

Hello Years 3 and 4,

We hope that you are well and have had a good Easter break. We are very much looking forward to seeing all the learning that you have completed in your exercise books. I'm sure that you all have been very busy with being at home whilst also learning at the same time.

For our latest home learning project, we will be focusing on the topic of 'Change'. This is a time where we are all coping with lots of changes and doing the best that we can to adjust and remain positive.

Please use the exercise books you have been given to record your work and capture your thoughts (neat joined handwriting please).

Below are some new activities for you to work on.

Get Active and Creative

Have a go at these origami activities, think about our topic **change**, how do these animals relate to change? Jot down some ideas in your exercise book.

<https://www.youtube.com/watch?v=LFHGSHdY8w4> - Flower

<https://www.youtube.com/watch?v=bc0HXtS9as0> - Bird

Reading Wordsmith Text (allocated on Active Learn Website)

- Y3 - Shocking Styles
- Y4 – A Huge First Step

Writing

Use your exercise book to **plan** and **write** an adventure story that begins in your home.

Plot ideas:

- *You discover a secret room in your house which leads to mystery and adventure*
- *A secret mission arrives in the post which you need to complete*

Remember – the more adventurous your story is the better it will be! Also remember to work on your English target (good use of punctuation, ambitious words and phrases, paragraphs for example).

Once you have finished your story, **edit** it with an adult and write it again in your best handwriting. Why not also draw some pictures to go along with your story?

Maths

- Abacus Homework (allocated on Active Learn Website)
- Times Tables Rock Stars (make sure you choose the times tables that you need to work on!)

Science

Seasonal Change:

Watch the video clip below about seasonal change. What observations do you notice about the current weather?

<https://www.bbc.co.uk/teach/class-clips-video/science-ks1-ks2-wonders-of-nature-the-changing-seasons/zh4rkmn>

Suggested activities:

- Create a table that records the temperature and weather each day, using your data to create a bar chart for the week
- If you have a garden do an observational drawing of any plants and flowers, how have they changed since winter?
- Write up a list of the different animals that you observe during this time
- Research Daylight saving time and why it occurs twice per year

SPaG

- Grammar Spring Progress Checks (allocated on Active Learn Website)

SPaG Games

PSHE

- **Create a COVID time capsule:** Time capsules record your memories of a certain time period in order for you to remember the past at a future date. You can use the template we have uploaded to the website or create one in your own format.
- **Human Kind Big Ideas:** Choose a challenge to complete. You could also ask an adult to share your challenge on Twitter @Cornerstonesedu or Instagram @cornerstonesedu.
