

Marsh Green Phase 3 & 4 School Closure Home Learning 2

Hello Years 3 and 4,

We hope that you're all well, washing your hands regularly and enjoying this new way of learning at home with your family.

Be sure to enjoy the Easter break and keep finding new and creative ways to enjoy all of the fun and learning that Easter brings. Please use the exercise book given to record your work and capture your thoughts (neat joined handwriting please). Remember to spend some time to think of those around you who may need a kind word or a thoughtful act.

Below are some new activities for you to work on.
