

# Parrot Printing

## Supplies

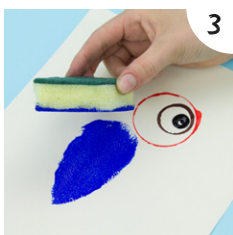

- Poster paint in red, blue, yellow, green and black
- Cardboard tube or paper cup
- 2 Sponges
- A button, bead or bottle top
- String
- Lolly sticks
- Bubble wrap (or similar)
- Scissors

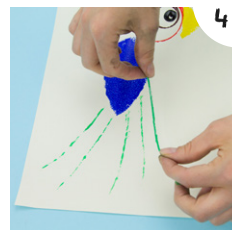

1 Dip the end of a cardboard tube or paper cup into the red paint and press it near the top of your page to create the shape of the parrot's head.

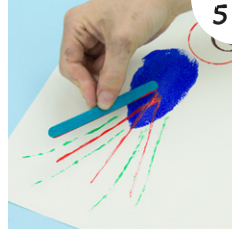

2 Use a button, bead or bottle top dipped in paint to add an eye to the parrot.

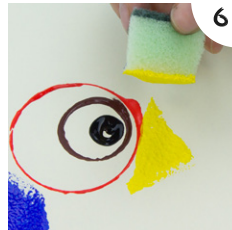

3 Safely cut a teardrop shape from the sponge. Dip this into the blue paint and then press it onto your page to create a parrot's body.

4 Safely cut a piece of string about as long as your finger. Dip it into green paint and use it to add tail feathers.

5 Use the edge of a lolly stick dipped in red paint to create feathers in between.

6 Safely cut a triangle shape from the sponge. Dip this into yellow paint and use it to create a beak.

7 Use bubble wrap to add some texture to your background, such as a branch. Your parrot print is now finished.
