

Length Task Sheet

Here are images and lengths of the footprints of different animals (not drawn to scale)

Task – From the images below use a ruler to draw a line that shows the length of each animal's footprint.

Animal	Footprint length
horse	14 cm
cat	4 cm
cow	9 cm
rainbow lorikeet	3 cm
komodo dragon	26 cm

The task sheet includes illustrations of the animals: a brown horse, a brown and white cat, a black and white cow, a colorful rainbow lorikeet perched on a branch, and a grey komodo dragon.
