

Chosen Family

Tell me your story and I'll tell you mine
I'm all ears, take your time, we've got all night
Show me the river's crossed, the mountain's scaled
Show me who made you walk all the way here
(Ooh) Settle down, put your bags down
(Ooh) You're alright now

We don't need to be related to relate
We don't need to share genes or a surname
You are, you are my chosen, chosen family
So what if we don't look the same?
We've been going through the same thing, yeah
You are, you are my chosen, chosen family

Hand me a pen and I'll rewrite the pain
When you're ready, we'll turn the page together
Open a bottle, it's time we celebrate
Who you were, who you are
We're one and the same, yeah.

We don't need to be related to relate
We don't need to share genes or a surname
You are, you are my chosen, chosen family
So what if we don't look the same?
We've been going through the same thing, yeah
You are, you are my chosen, chosen family

(Ah, ah) I chose you, you chose me
I chose... chosen family
(Ah, ah, ah, ah) I chose you, you chose me
We're alright now.

We don't need to be related to relate
We don't need to share genes or a surname
You are, you are my chosen, chosen family
So what if we don't look the same?
We've been going through the same thing, yeah
You are, you are my chosen, chosen family

We don't need to be related to relate
We don't need to share genes or a surname
You are, you are my chosen, chosen family
So what if we don't look the same?
We've been going through the same thing, yeah
You are, you are my chosen, chosen family

We don't need to be related to relate
We don't need to share genes or a surname
You are, you are my chosen, chosen family
So what if we don't look the same?
We've been going through the same thing, yeah
You are, you are my chosen, chosen family
